

Introducing... **The Pavilion**

Delivering the best that science, healthcare, and the humanities, has to offer.

Mix Canyon Ranch's integrative wellness, The BioSphere's *one world* environment, and EPCOT's original vision (Experimental Prototype Community of Tomorrow), and you get *The Pavilion: An immersive, 'whole-istic', 75,000 square foot lifestyle center that empowers people to live happier, healthier, richer lives.*

Today we are facing challenges like never before – with our health and well-being at the top of the list. Leading international consulting firm Price Waterhouse Coopers sums it up like this: “*Conventional medical approaches are failing, even in the most advanced nations of the world.*” Fortunately, most of the answers we need to turn this around are available right now. Unless you're a journalist or researcher, though, they can be difficult to find. That's where *The Pavilion* comes in. Pulling from today's great thinkers, luminaries, and innovators, *The Pavilion* brings together under one roof the most current information and tools needed to *live well* ... to support healthier people and more vital communities.

Be Inspired. Imagine that just a few years down the road, one of these ***Pavilions*** opens near you. As you walk inside, it is like entering the quintessential world of the future: Moving walkways, interactive science exhibits, an expansive open atrium, stunning architecture, vertical hydroponic gardens, and a deep sense of serenity and well-being.

Learn. To your right is ***The Life Sciences Center***, *The Pavilion's* nonprofit center dedicated to education, and health and science research. As you take a seat in the *4D Ride-film Theater* to see “*The Quantum Living Universe*”, the narrator begins. “*As we enter the 21st century, humanity has an opportunity to engage -- to take a quantum leap forward.*” A moment later, you are taken at light speed into an **amazing world of science and discovery**. There are slick, **mobile and wearable health apps**, new ways to access more **brain power**; safe and effective ways to support your body so it can **heal chronic disease**, and an empowering new, mind bending science known as *BioGeometry*, which at its foundation, suggests that the physics of reality has a much more expansive nature. The real climax, though, comes when the *Ride-film's* rear doors open, and you realize that the future you just saw is right there in front of you... in *The Pavilion!*

Live Well. There is a **Learning and Arts Center**, **Fitness Center**, a **Mediterranean-styled Spa** that's all about mindfulness and wellness; you can catch inspiring **TED-like talks**, concerts and events every week in the **amphitheater**; grab an organic espresso or chardonnay in the **Café** or the **Farm-to-Table Restaurant ...** you can even customize your order using iPads featuring a *Hippocrates' Food as Medicine* menu. And for deeper health support, there's an advanced, precision medicine, integrative **Medical and Dental Bio-Center**.

Showcasing some of the most powerful discoveries, technologies, and wisdom of the century, *The Pavilion* is your *pipeline to an expanded universe*; to a healthier, happier you... and to a thriving tomorrow.

Today, with a world class advisory board and management team, including [WTS International](#), (a world leader in the leisure services industry which includes health resorts and health focused communities), *The Pavilion* is ready to launch, and to fulfill its promise as one of the most exciting, philanthropic and commercial (ad)ventures of our time.

H e a l t h a n d W e l l B e i n g

The Pavilion is a 75,000 sq ft *Jetson's-like* lifestyle center geared to deliver the latest science-based health and lifestyle solutions to an active yet increasingly challenged population, to enable people to live healthier, happier, more productive lives.

Featuring a health club, spa, learning and arts center, next generation integrated medical facility, and ongoing social activities to bring people together, The Pavilion provides an exhilarating, *Smart Living* experience - complete with:

- A state-of-the-art **Fitness Center** and **Mediterranean-styled Spa** - ideal for staying fit, relieving stress, and feeling great! The spa includes clay, salt, and amethyst lined saunas, pools, ice room, healing mineral baths, and more.
- An advanced, integrative, high tech **Bio-Center** that includes *precision medicine* (genomics and functional medicine) along with the best holistic therapies. **Bio-Center** health coaches, practitioners, integrative MD's and dentists, team together to optimize people's health as quickly and safely as possible.
- A **Life Sciences Center** showcasing the latest understandings in health, science, the environment, and sustainable living ... all designed to engage people... and inspire a better tomorrow.
- A **Learning Center** with hundreds of classes -- often putting a new *twist* on things -- in health, science, psychology, relationships, sustainable living, environmental management, cooking, and the arts.
- A **Farm-to-Table Restaurant, Organic Café, and Wine Bar** -- including "Food as Medicine" menus... featuring great food, social activities, and regular performances and exhibits by local artists.
- A **Smart Living Shoppe**® which offers the 'best of the best' in products that support well-being and healthy living... for our pets, too.

rejuvenate

SET IN AN ADVANCED, SCIENTIFICALLY AND ENERGETICALLY BALANCED STRUCTURE CONCEIVED BY MASTER DESIGNER BILL BROWN, THE PAVILION'S UNIQUE ARCHITECTURE BEGINS SUPPORTING GUESTS' WELL-BEING AS SOON AS THEY ENTER, HELPING THEM FEEL MORE FOCUSED, REJUVENATED AND RECONNECTED.

A TRUE CENTER FOR *SMART LIVING*®, THE PAVILION USES THE EARTH'S NATURAL ENERGIES TO SUPPORT THE BODY'S INNATE ABILITY TO HEAL ITSELF, AND WITH A PERSON ORIENTED FOCUS, PAVES THE WAY FOR NEW MODES OF THINKING, EXPRESSION, AND BEING.

The first Pavilion is slated to open in the Washington DC region in 2018.
